
Material Safety Data Sheet

These products are NOT classified as hazardous and comply with the Australian Standard for the Uniform Scheduling of Drugs and Poisons as exempted from scheduling.

MOECO Pty Ltd

Located: Lot 5172 Export Drive, Darwin Business Park (*formally* Trade Development Zone)

Postal: PO Box 1384, Berrimah NT 0828

Tel: +61 (0) 8 8947 1170

Fax: +61 (0) 8 8947 1140

Identification

Product Name:

Moeco 85

Other Names: Not applicable

UN Number: None allocated

Dangerous Goods Class: None allocated

Hazchem Code: None allocated

Poisons Schedule No: 0

Use: Fertiliser

Physical Description and Properties

Appearance: Thick clear liquid

Boiling Point: 100°C

Vapor Pressure: Not applicable

Specific Gravity: 1.85

Flashpoint: Non-flammable

Solubility in Water: In all proportions

pH: 10.5

Ingredients

		CAS Number
Moeco 85	Di-potassium phosphate	7758-11-4

Health Hazard Information

No adverse effects expected if the product is handled in accordance with this safety data sheet and the product label.

Swallowed	Swallowing can result in nausea, vomiting, diarrhoea and abdominal pain.
Eye	May cause irritation to eyes. Safety glasses should be worn when spraying.
Skin	Contact with skin may cause irritation.
Inhaled	May cause respiratory irritation. Dust mask to be worn when spraying.

First Aid

If poisoning occurs contact a doctor.

Swallowed	Rinse mouth with water. Give plenty of water to drink. If vomiting occurs give further water. Seek medical advice.
Eye	Flush with copious amounts of water. In all cases of eye contamination it is a sensible precaution to seek medical advice.
Skin	Wash contaminated skin with plenty of water. Remove contaminated clothing and wash before re-use. If irritation occurs seek medical advice.
Inhaled	Move from effected area. Seek medical advice if symptoms persist.

Precautions for Use

Exposure standards	Not relevant
Engineering controls	Not relevant
Personal protection	Safety glasses and dust mask to be worn when spraying.
Flammability	Not flammable

Safe Handling Information

Storage and transport	No special storage or transport requirements necessary.
Spills and disposal	Small spills can be flushed down drains with water. Large spills to be covered with absorbent material (soil) collected and disposed of correctly.
Fire/Explosion Hazard	Not combustible. Decomposes on heating emitting toxic fumes including those of phosphorus oxides. Fire fighters to wear self-contained breathing apparatus if risk of exposure to products of decomposition.

Please Note: The data and recommendations presented herein are based upon research and data of others and believed to be correct. However, no warranty is expressed or implied regarding this data or results to be obtained from use thereof. Moeco P/L assumes no responsibility for the injury to customers or third party proximately caused by the material if reasonable safety procedures are not adhered to as stipulated. The manufacturer and seller disclaim any responsibility whatsoever for any loss following use of this product, or claimed to be caused as a result of its use.
